Attention: Ray Sukys

Dear Ms. Kiser and Mr. Sukys:

With this letter, the California Department of Transportation (Caltrans) transmits Administrative Modification No. 11 to the California 2010-2014 Federal Statewide Transportation Improvement Program (FSTIP) which makes minor modification to the Rural non-Metropolitan Planning Organization (MPO) portion of the FSTIP. These changes are consistent with the FSTIP Amendment and Administrative Modification Procedures and have no impact on the rural non-MPO financial constraint or air quality conformity. In addition, there are no projects in this administrative modification that are included in any other amendment that is currently open for public review.

This administrative modification revises one individually listed project and seven existing grouped project listings with a net decrease in funding of approximately \$32 million. Among other changes, this revision:

- Corrects the fund source of the SR-89/Union Pacific Railroad Grade Separation Widening project;
- Modifies the funding of a project in Calaveras County included on the Grouped Project Listing for Bike/Pedestrian Facilities - Non-Attainment areas;
- Modifies the funding for the State managed Minor Program Grouped Project Listings;
- Updates the Grouped Listings for the State Highway Operation and Protection Program (SHOPP) for Bridge Rehabilitation and Reconstruction, Collision Reduction, Emergency Response and Pavement Resurfacing/Rehabilitation programs;
- Adds new projects on the Grouped Project Listing for FTA 5311 Operating Assistance Program.

Since administrative modifications do not require Federal Highway Administration (FHWA) and/or Federal Transit Administration (FTA) approval, these changes have been incorporated into California's 2011 FSTIP. If you have any questions or comments regarding this modification, please contact Lilibeth Green of my staff, at (916) 654-3521.
